REMAINDER OF PAGE LEFT INTENTIONALLY BLANK

ITEM 105

BILLS OF LADING, CONTRACTS AND AUTHORITY OF COMPANY PERSONNEL

ONLY Carrier officials or personnel authorized to do so by the Carrier are empowered to enter into agreements or alter existing agreements. Authorized officials are Carrier personnel with the title of **manager** or higher. Terminal managers are not authorized personnel. Drivers employed or hired by Carrier are among those excluded from the category of authorized carrier personnel. Where a Bill of Lading issued by the shipper is signed for by the Carrier's driver or other unauthorized person(s), that signature acknowledges only receipt of the freight and identifies the entity to which to deliver. It is NOT a contract for the carriage of freight. Continued use of an unauthorized Bill of Lading by the shipper will NOT constitute an implied acceptance by Carrier. Carrier drivers are not authorized to accept freight for which Section 7 is executed or to bind the company for other types of nonrecourse language.

ITEM 110

BROKERAGE AUTHORITY

Carrier reserves the right to provide transportation service through its affiliated brokerage, rather than acting as motor carrier. In the event Carrier chooses to handle the shipment through its affiliated broker, Carrier's liability and obligations shall be as a broker and not a motor carrier. In the event that the broker is listed on the bill of lading as the carrier, this is for convenience only and is not intended to indicate that the broker is the motor carrier.

ITEM 112

INTERLINING

Carrier reserves the right to provide transportation service through intermediaries or interline carriers. In the event Carrier chooses to handle the shipment through an intermediary or interline carrier, a constructive interline trust shall apply. The provisions of Carrier's interline agreement between Carrier and the intermediary or interline carrier shall apply to the shipment through which transportation service is provided through an intermediary or interline carrier.

{00690599-}

When arrangements are made with intermediaries or interline carriers for transportation services provided by Carrier and the intermediary or interline carrier in turn bills the shipper or beneficial owner of the goods for freight charges inclusive of Carrier's rates, the following rules shall apply:

- (A) The intermediary or interline carrier will segregate money due and owing to Carrier from other accounts.
- (B) Intermediary or interline carrier will pay Carrier without offset from funds received and shall not commingle, pledge, encumber or hypothecate funds received by it intended for payment of freight charges to Carrier.
- (C) When the arranger of transportation is a carrier or freight forwarder, a constructive interline trust shall apply.
- (D) When the arranger of transportation is a property broker, the regulations set forth at 49 C.F.R §379 shall apply and monies received by the broker shall be segregated from its other assets and liabilities.
- (E) In no event shall accounts receivable pledged or encumbered by any intermediary or interline carrier be inclusive of freight charges billed by it to the extent those freight charges are due and owing to Carrier.
- (F) Carrier preserves recourse for payment of all freight charges to the consignor, unless Section 7 of the bill of lading is signed, and to the consignee unless prior notice is given that the consignee is not to be responsible for freight charges in accordance with Section 7 of the bill of lading.

ITEM 115

SUBSEQUENT VERIONS OF THIS TARIFF

When this tariff is amended, all shipments accepted by Carrier after the amendment are subject to the revision. The current tariff is available by request or at the Carrier's website at <http://www.murrows.com/tariff> When this tariff is amended by revised pages, the cancellation of prior pages, except the title page, will be effected by means of this rule. A revised page will not show a cancellation notice except when a cancellation notice is necessary because of suspension, rejection or other reason. Revisions of each page will be filed in numerical sequence.

Except where a specific cancellation is shown on a new revised page, a revised page cancels any and all uncanceled revised or original pages, or uncanceled portions thereof, which bear the same page number. See Exception.

For example: First revised Page 10 will have the effect of cancelling original page 10 45th revised page 12, will have the effect of cancelling 44th revised page 12. 13th revised paged 4A will have the effect of cancelling 12th revised page 4A and also 11th revised page 4A fi the cancellation of 12th takes place on or before its effective date.

EXCEPTION: When a specific cancellation on a prior revised page excepts a previously filed page wholly or in part, this rule does not have the effect of cancelling such excepted previously filed page or portion thereof.

SECTION 2 - OPERATIONS

ITEM 200

APPLICATION OF TARIFF

Each provision of this rule tariff shall apply to each transportation agreement entered into by carrier unless expressly waived in a signed, written agreement.

ITEM 205

APPOINTMENTS/PICKUP & DELIVERY TIMES

Pick-ups and deliveries shall be during customer's normal business hours. When a consignor or a consignee requires to make an appointment by any means whatsoever, prior to delivery, the charge for this service will be \$46.99. When the consignor or the consignee requires the appointment later than 7:00 AM of the next day after a request for delivery appointment is made by the carrier, there will be a charge of \$31.96 for the first 24 hours or fraction thereof; \$42.95 for the second 24 hours or fraction thereof; \$63.95 for the third and each succeeding 24 hours or fraction thereof, for each vehicle until loaded. This includes packing freight in containers or dry ice or any other attempt to transform non refrigerated service into temperature-controlled service.

ITEM 215

CONVENIENCE INTERLINING

In order to provide the most efficient, economical service to the shipping public, Carrier will utilize the service of the other named carriers to achieve the transportation service required for tendered shipment, EXCEPT if bills of lading covering tendered shipments are noted by shippers that "convenience interlining not applicable", convenience interlining will not be utilized. Interchange of freight of service will be at points common to the authorized service

of Carrier. Shipments accorded "convenience interlining" shall move on the bill of lading of Carrier, who shall assume responsibility for the lading, and such shipments shall be charged for service performed exclusively by Carrier.

ITEM 220

DROPPED TRAILERS

Carrier will drop trailers only when specific arrangements have been made in writing, in advance of shipment between Carrier and Carrier's customer. Carrier's customer assumes responsibility for loss of damage to such trailers until such time as Carrier accepts the freight tendered on the dropped trailer. Carrier has no liability for loss or damage to freight on a dropped trailer until such time as Carrier's driver accepts such freight.

ITEM 225

PERMITTED BROKERING

Carrier may use the broker services of _____, under broker authority MC-_____. For all shipments that Carrier elects to use _____, it will maintain proper DOT authority and surety bond. _____ will ensure all its brokered loads are to carriers with current DOT motor carrier authority, have satisfactory safety records, maintain all licenses and permits required by applicable federal, state, and local governmental authorities, and provide proof of required insurance coverages, including DOT public liability and sufficient cargo insurance. Additionally, all such carriers will satisfy driver and equipment DOT requirements, assume all obligations for transportation services, and agree to all terms and conditions mandated by the shipper for the transportation of its freight. _____ will require carriers to indemnify for all damages, including, but not limited to, cargo and physical damage and bodily injury.

ITEM 230

HAZ-MAT SHIPMENTS

All loads requiring the Carrier's driver to have a current Haz-Mat endorsement will be subject to a surcharge of \$100.00 per load. This surcharge will be added as a separate line item to the freight bill.

ITEM 235

IMPRACTICAL OPERATIONS

{00690599-}

Nothing in this rule tariff shall require the carrier to perform pick-up or delivery service at any location from or to which it is impracticable, through no fault or neglect of the carrier to operate vehicles because of:

- (A) The condition of roads, streets, driveways, or alleys;
- (B) Inadequate loading or unloading facilities;
- (C) Riots, Acts of God, the public enemy, the authority of law, strikes or labor unrest the existence of violence, or such possible disturbances as to create reasonable apprehension of danger to person or property; or
- (C) Roads that are inaccessible due to height or weight restrictions, overhead obstructions, etc.

The occurrence of any condition of impracticability shall be determined at Carrier's discretion, which shall be final.

ITEM 240

INDEMNITY

Carrier and shipper will each indemnify, defend and hold the other harmless from and against any liability, losses, damages, claims, judgments, fines, penalties, lawsuits and expenses ("Costs") resulting from personal injury, property damage (other than cargo), or violation of the law caused by their respective negligent or wanton acts or omissions.

ITEM 245

IMPORT & EXPORT FREIGHT – CANADA/MEXICO

Limitation of Carrier's Liability for Proper Customs Clearance. Carrier assumes no responsibility for insuring or otherwise providing for clearance of merchandise through or inspection by Canadian or Mexican Customs. Carrier does not represent and specifically disclaims any knowledge or expertise in proper customs clearance and inspection matters. Carrier is not responsible for the acts or omission of any Customs Agent or its affiliated Freight Forwarder that may be selected for the purpose of clearing shipper's merchandise through Customs. Carrier will serve merely as a liaison between shipper and the Customs Agent (and the Customs Agent's Freight Forwarder) at shipper's request and only as a convenience to shipper. Carrier or party in possession shall not be liable for loss, damage, deterioration of the freight or delay in delivery due to the duration of the period required by customs clearance or inspection.

ITEM 250

ON-HAND SHIPMENTS

From time to time and for various reasons, freight may be deemed to be "on-hand." Freight will be deemed on-hand with or without notice. When freight is "on-hand" the legal liability of Carrier is altered from that of a motor carrier to that of a warehouseman pursuant to the Uniform Commercial Code. The procedures which Carrier agrees to and will take as a warehouseman involve the use of ordinary care to keep the lading in a safe or suitable place or to store the lading properly. Carrier shall (a) place the lading in public storage, if available, unless Carrier receives contrary

disposition instructions from Shipper within twenty-four (24) hours, and (b) if disposition instructions are not given by Shipper within ten (10) days of Carrier's initial notification to Shipper, Carrier may offer the lading for public sale. Shipper will be responsible for storage costs and reasonable costs Carrier incurs in acting as a warehouseman. To the extent any sale or disposal revenues exceed the storage costs and the costs Carrier incurs as a warehouseman, Carrier shall remit the balance to Shipper. If Shipper gives Carrier timely disposition instructions, Carrier shall use any commercially reasonable steps to abide with such instructions. Shipper will pay Carrier's costs and any additional transportation costs Carrier incurs in doing so.

ITEM 260

INTERMODAL SHIPMENTS

Carrier does not participate in the Uniform Intermodal Interchange Agreement (UIIA).

ITEM 262

PACKING OR PACKAGING, BLOCKING, RACKS, STANDARDS OR SUPPORTS

Any temporary blocking, flooring or lining, racks, pallets, standards, stakes or similar bracing, dunnage or support or other commonly used items not constituting a part of the truck when required to protect and make freight secure for shipment, will be furnished and installed at the expense of the shipper unless Carrier has agreed to supply said equipment free of charge. The weight of this equipment shall be considered part of the shipment.

ITEM 265

PICKUP & DELIVERY SERVICE

The rates names herein include pickup or delivery at all points within the limits of the cities, towns, villages and other points from and to which rates apply, but each shipment will include only one pickup and one delivery. Such pickup and delivery service will be made only from or to locations directly accessible to the Carrier's vehicle. Pickup and delivery service does not include, packing, unpacking, erecting, dismantling, lowering, hoisting, sorting, segregating, placing on or taking from shelves or bins or racks, inspection of property and other similar services. Pickup and delivery service also does not include the removal from or delivery to basements or floors not directly accessible to highway vehicle of Carrier. The premises of a consignor or consignee shall include only contiguous property which shall not be deemed separate if intersected only by a public street or thoroughfare. When delivery cannot be executed from a tractor and semi-trailer unit, shipper will be notified of such inability and upon instructions from shipper, shipment will be delivered to a public warehouse local cartage company or returned to shipper at the expense of the shipper or consignee, as the case may be.

ITEM 270

RIGHT TO OPEN/INSPECT

Carrier reserves the right to open/inspect any freight which has been accepted for shipment, including loads that have been sealed.

ITEM 273

SERVICE STANDARDS

{00690599-}

Carrier does not offer guaranteed service on any shipments. On all shipments, freight shall be delivered upon reasonable dispatch. Appointment times and notations such as "must deliver by" on the bill of lading are insufficient to alter the reasonable dispatch standard.

ITEM 275

SHIPPER LOAD & COUNT

All shipments shall be loaded by the consignor and unloaded by the consignee. Carrier's drivers are instructed to sign bills of lading as shipper load and count or "SLC". Inadvertent omission of this notation shall not result in a presumption of carrier liability for shortage or damage (in the absence of upset or accident) where the driver was either not present or not allowed to observe the loading and unloading.

ITEM 280

SUBSTITUTED SERVICE

For its operating convenience, Carrier reserves a right to hire other carriers as qualified subcontractors to provide all or part of given movements. Carrier agrees to protect the rates set forth herein when substituted services are provided and warrants that all terms, conditions, duties and obligations owed to shipper by this tariff, bill of lading, and/or contract will be provided.

ITEM 285

TERRITORIAL SCOPE

Carrier is authorized by the Federal Motor Carrier Safety Administration (FMCSA) in Docket No. MC 111936: "To operate as a motor common carrier of property and motor contract carrier of property."

ITEM 290

FOOD SAFETY PROTOCOL

For shipments subject to the Food Safety Modernization Act ("Act") and associated regulations, Shipper or Broker must inform Carrier, in writing, of applicable transportation protocols. An authorized official of Carrier (See Item 105) must agree to the protocols. Protocols provided in a bill of lading or other shipping document are not sufficient to trigger's Carrier's obligations under the Act. If Shipper or Broker fails to comply with these requirements, Carrier will be unable to comply with its responsibilities under the Act and shall not be liable for loss or damage to shipments resulting therefrom. Shipper or Broker will defend, indemnify, and hold Carrier harmless for claims arising from Shipper's or Broker's failure to comply with the requirements of this item.

ITEM 293

EQUIPMENT

- (1) No Shipper or receiver will have the right to the exclusive use of equipment. Note: Carrier will determine the utility of its equipment in relation to the customer's need.
 - (2) Carrier's equipment is controlled and operated by Carrier's employees and owner operators only. Any other use or operation, without specific written authorization is expressly prohibited.
-

*Where the term "highway vehicle of the carrier" is used herein, it also includes the highway vehicle of the Carrier's agent

ITEM 295

LIGHT OR BULKY FREIGHT

When a single LTL or AQ shipment occupies space on Carrier's trailer to the extent that 80% of the trailer is occupied. Regardless of weight, such shipments shall be rated under 10,000 lbs. volume rate.

SECTION 3 – RATES AND ASSESSORIAL CHARGES

ITEM 300

ADDITIONAL CHARGES – SAME DAY DELIVERY

On shipments requiring delivery the same calendar day as that of pick up, charges will be 125% of the normal linehaul rate.

ITEM 302

APPLICATION OF CERTAIN RATES

1. Rates, rules and commodity columns published in this guide apply for the account of Carrier to the extent authorized.

2. Except as otherwise provided, volume or truckload rates apply only when a volume or truckload of freight is shipped from one point (or places within plant of one shipper) in one day by one shipper, on one bill of lading, for delivery to one consignee at one destination. When a volume or truckload rate is used, charges will be assessed at the volume or truckload minimum weight or actual weight, whichever is greater. A truckload or volume rate removes the application of an Any Quantity or Less Than Truckload commodity rate only when the minimum weights requirement of the truckload or volume commodity rate is met or charged. Except on shipments for which exclusive use of vehicle is requested, when a shipment is tendered to carrier and bill of lading is so marked "tendered as a truckload", the applicable truckload rate will apply at the actual or minimum weight whichever is greater, and the truckload rate will not alternate with the less than truckload rate. Such shipments will be entitled to privileges normally afforded in rules and regulations pertaining to the truckload shipment. When shipment is tendered to carrier, under bill of lading marked "tendered as a truckload" and shipment has begun its movement to destination, corrected bill of lading will not be accepted to remove the truckload application.

3. Except as otherwise provided, when a number of different articles for which rates are provided when in straight volume or truckload shipments, are shipped at one time by one consignor to one consignee at one destination on one bill of lading, each commodity will be charged for at its actual gross weight at the straight volume or truckload rate applicable to that article. The volume or truckload minimum weight will be the highest provided for any article in the mixed shipment and any deficit in minimum weight will be charged for at the highest volume or truckload rate applicable to any article in the mixed shipment.

4. If a lower charge results from the application of a specific volume or truckload mixture, then under the provisions of Paragraph 3, such lower charge will apply.

5. Subject to the provisions of Paragraphs 3 and 4, when the aggregate charge upon the entire shipment is made lower by considering the articles as if they were divided into two or more separate volume or truckload shipments, the shipment will be charged for accordingly.

6. When upon request of shipper or consignee, a vehicle (truck or trailer) is used exclusively for the transportation of a shipment, charges thereon shall be computed at the lawfully published rate, subject to a minimum charge computed at the lawfully published rate (meaning truckload or any quantity rate as the case may be) for 15,000 pounds, applicable via route of movement. Each bill of lading and freight bill covering shipments for which exclusive use of vehicle is provided, must be marked or stamped as follows: "exclusive use of vehicle ordered by shipper".

NOTE A – The provisions of this item will also apply on volume or truckload shipments accorded stop-in transit privileges where such privileges are authorized.

ITEM 305

CUSTOMER REQUESTED DEADHEAD

\$2.00 per mile from point of dispatch to the loading location will be charged.

ITEM 310

FUEL SURCHARGE

Unless otherwise agreed to, the following fuel surcharge will apply between Carrier and shipper:

The Fuel Surcharge is based on a cents per mile basis and will run from the first Monday of each week.

- (F) Claims filed for uncertain amounts. Whenever a claim is presented against carrier for an uncertain amount such as "\$100 more or less," Carrier shall determine the condition of the shipment involved at the time of delivery by it, if it was delivered, and shall ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. It shall not, however, voluntarily pay a claim under such circumstances unless and until a formal claim in writing for a specified or determinable amount of money shall have been filed in accordance with the provisions of subparagraph (D) above.
- (G) Each claim filed against carrier in the manner prescribed herein shall be promptly and thoroughly investigated if investigation has not already been made prior to receipt of the claim. Unless perishable commodities are involved, the shipper or consignee in possession shall afford carrier five (5) days to inspect any damaged shipment prior to dispensation.
- (H) Supporting documents. When a necessary part of any investigation, each claim shall be supported by the original bill of lading, evidence of the freight charges, if any, and either the original invoice containing invoice value, a photographic copy of the claim to be true and correct with respect to the property and value invoiced in the claim; or certification of prices or values, with trade or other discounts, allowances or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon; provided, however, that where the property shows on the bill of lading or where the invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, carrier shall, before voluntarily paying a claim thereon, require the claimant to establish the destination value in the quantity shipped, transported, or involved and certify the correctness thereof in writing or show an alternative applicable value arising by reason of alternatively applicable contract terms.
- (I) Verification of loss. A prerequisite to the voluntary payment by carrier of a claim for loss of an entire package or an entire shipment shall be the securing by it of a certified statement in writing from the

consignee of the shipment involved that the property for which the claim is filed has not been received from any other source.

- (J) Carrier shall pay, decline, or make a firm compromise settlement offer in writing to the claimant within one hundred twenty (120) days after receipt of the claim by carrier; provided, however that if the claim cannot be processed and disposed of within 120 days, after expiration of each succeeding sixty (60) day period while the claim remains pending, carrier shall advise the claimant in writing of the status of the claim and the reason for delay in making final disposition thereof and it shall retain a copy of each advice to the claimant in its claim file thereon. Any communication from Carrier that does not agree to pay the claim in full as submitted by the claimant shall be deemed a denial of the claim as submitted.

ITEM 415

CLAIMS LOSS & DAMAGE – ACCEPTANCE OF GOODS

The consignee must accept the goods upon delivery unless they are determined to be totally worthless.

ITEM 420

CLAIMS LOSS & DAMAGE – CLEAR DELIVERY

When the Consignee receives a shipment without noting loss or damage, this is a clear delivery. When damage is claimed after a clear delivery, such is referred to as concealed damage. Concealed damage shifts the burden of proof to the party asserting the claim to show that the damage occurred while the freight was in the possession of the Carrier. Wrapped merchandise that has rub marks or torn places must be noted at the time of delivery. Carrier does not accept Concealed Damage claims for wrapped merchandise, broken glass, mirrors, marble, or imported items. Mirrors or glass tops that exceed 75 united inches require a combination of corrugated fiberboard cartons with wood frames or aperture crates. Failure to package as specified will nullify any claim for recovery of damage incurred during transit.

ITEM 425

CLAIMS LOSS & DAMAGE – SALVAGE

- (A) Whenever property transported by Carrier is damaged or alleged to be damaged and is, as a consequence thereof, not delivered or is rejected or refused upon tender thereof to the owner, consignee, or person entitled to receive such property, carrier, after giving due notice, wherever practicable to do so, to the owner and other parties that may have an interest therein, and unless advised to the contrary after giving such notice, shall undertake to sell or dispose of such property directly or by the employment of competent salvage agent. Carrier shall only dispose of the property in a manner that will fairly and equally protect the best interests of all persons having an interest thereon. Carrier shall make an itemized record sufficient to identify the property involved so as to be able to correlate it to the shipment or transportation involved, and

- claim, if any, filed thereon. Carrier shall also assign to each lot of such property a successive lot number and note that lot number on its record of shipment and claim, if any claim is filled thereon.
- (B) Whenever disposition of salvage material of goods shall be made directly to an agent or employee of Carrier or through a salvage agent or company in which carrier or one or more of its directors, officers, or managers has any interest, financial or otherwise, Carrier's salvage records shall fully reflect the particulars of each such transaction or relationship, or both, as the case may be.
 - (C) Upon receipt of a shipment on which salvage has been processed in the manner herein before prescribed, Carrier shall record on its claim file thereon the lot number assigned, the amount of money recovered, if any, from the disposition of such property, and the date of transmittal of such money to the person or persons lawfully entitled to receive the same.
 - (D) To the extent that the Shipper asserts that the goods should be destroyed, Carrier remains entitled to the salvage value the goods would have generated had the goods been salvaged instead of destroyed.
-

ITEM 430

DISPOSITION OF OVERAGE

Consignee shall accept overages in fulfillment of its duty to mitigate damages. Overages will be returned to the consignee or shipper by carrier upon request in return for payment of carrier's applicable freight charges. In the event consignor and consignee decline to accept overages and mitigate damages, carrier shall treat any overage as salvage and after notice shall sell same in accordance with the bill of lading contract and the terms of this circular. The proceeds of any such sale less carrier's freight and storage charges shall be remitted to the person or persons lawfully entitled to receive same. Carrier shall not be liable for any difference between the sales price of overage and the destination market value where the shipper and consignee decline to mitigate damages.

ITEM 435

INADVERTANCE CLAUSE

If a shipper declares a value exceeding \$5.00, per pound per article or \$1,000 per article, or \$100,000.00 per truckload, without insertion of the corresponding specially assigned identification number (Item 400), the shipment will not be accepted, but if the shipment is inadvertently accepted, it will be considered as being released to a value of \$5.00 per pound per article, \$1,000 per article, or \$100,000.00 per truckload, whichever is less, and the shipment will move subject to such limitation of liability.

ITEM 440

RELEASED VALUE DECLARATION

Unless otherwise agreed to in writing, Carrier's cargo liability is limited to a maximum of (1) any limitation contained in any tariff, circular, or contract applicable to the shipment, (2) \$5.00 per pound per article, (3) \$1,000.00 per article, (4) invoice value per article, or (5) \$100,000.00 per truckload, whichever is least. In the event weight is relevant to the determination, only the portion of the freight lost or damaged is to be considered in the calculations. For shipments governed by the Carriage of Goods by Seas Act, the released rate shall be \$500 per package.

ITEM 445

RELEASED VALUATION/USED GOODS

Unless otherwise agreed in writing, all used goods are released to a maximum evaluation of \$.25 per pound per article. Any goods that are other than new are deemed used (e.g., refurbished, reconditioned, display or demonstration models).

ITEM 450

RELEASED VALUATION/MEXICO AND CANADA

The Carmack Amendment and the above provisions relating to domestic transportation will apply to shipments while within the physical borders of the United States and within the jurisdiction of the Secretary of Transportation. While a shipment is outside the borders of the United States, the Carmack Amendment shall not apply. Carrier shall have no liability for delay, loss or damage when it is not in physical possession of the freight. To the extent liability cannot be excluded completely, the released rates shall be as set forth below:

- a. Canada - Carrier's maximum liability will be the lesser of \$2.00 per pound per package or any limitation provided for by Canadian or provincial law for loss occurring in Canada.
- b. Mexico- Carrier's maximum liability will be the lesser of \$.50 per pound per package or any limitation provided for by Mexican federal or state law for loss occurring in Mexico.

Losses of uncertain location shall be presumed to occur outside the United States.

ITEM 455

SEALED TRAILERS

In the event Carrier takes possession of a sealed trailer, delivery of the trailer with seal in-tact (absent evidence of tampering with the trailer, doors, or hinges) conclusively defeats any claim of a shortage. Claims for an absent or missing seal may only be asserted by the Shipper if the Shipper has adequate procedures in place for verifying that the seal was in place when the trailer left origin and only when there is proof of actual damage to the goods, verified by testing or other procedures. Carrier shall have no liability for cargo loss, damage or shortage where any seal is removed by order of any law enforcement or governmental authority.

ITEM 460

SHORTAGE

Carrier will not be responsible for shortage on shipments that are banded, strapped, netted, shrink-wrapped or otherwise secured to bins, pallets, platforms or skids when such securing material is found to be intact at the time of unloading by consignee. Carrier will only be responsible for the number of bins, pallets, platforms or skids on such shipments.

ITEM 465

SPECIAL, CONSEQUENTIAL AND PUNITIVE DAMAGES

Carrier shall not be liable for special, incidental, indirect or consequential damages including without limitation, lost profits or business opportunity, or punitive and exemplary damages incurred or suffered by the Shipper as a result of shortage, damage or delay. Additionally, Carrier shall not be liable for attorney's fees of the Shipper.

ITEM 470

SPOTTED EQUIPMENT

Carrier responsibility for cargo begins when Carrier picks up a shipment from the Shipper's dock, or in the case of spotted equipment, when Carrier takes physical possession of the loaded trailer. Carrier's responsibility ends when the shipment is delivered or in the case of spotted equipment, when the loaded trailer is placed in the consignee's premises for its unloading convenience.

SECTION 5 – FREIGHT CHARGES

ITEM 500

CREDIT AND COLLECTIONS

- (1) Any consignor or consignee must meet creditworthiness requirements or the shipment must be prepaid by the consignee. Prepayment must be by credit card.
- (2) Invoices for freight will, upon request be forwarded to third party freight services, however, it is the responsibility of the party designated on the bill of lading as shipper (for prepaid shipments) or consignee (for collect shipments) to ensure payment is made within the prescribed credit period. It is also the payer's responsibility to ensure accurate and updated rates are supplied to the freight payment service. The name, address and any account numbers of the freight service plan must be clearly stated on the bill of lading. For third party payment shipments, Carrier will invoice the shipper's broker, bank or other agent for freight charges. Carrier reserves the right to bill and collect freight charges from the shipper on prepaid shipments or the consignee on collect shipments in the event full payments of freight charges is not received pursuant to third party billing. A shipment in which charges are to be paid by a party other than the consignor or consignee will be accepted provided recourse to the consignor is preserved with Carrier picking the shipments up at origin. The consignor and consignee guarantee to pay the charges if the third party fails to do so in the time allotted under the applicable credit regulations. Any such shipment will not be accepted if the consignor executes a non-recourse provision of the bill of lading. If such a provision is executed and the shipment is inadvertently accepted, the non-recourse provision will be ineffective.
- (3) Freight charges for prepaid shipments must be paid by credit card. Excluded are shippers or receivers who have established credit terms with Carrier prior to delivery.
- (4) Carrier will impose a processing fee of \$50.00 per transaction for credit card payments.
- (5) All freight and accessorial charges on all shipments consigned to state, county, or local government bodies or agencies, including schools, must be prepaid or guaranteed. This provision is applicable on shipments moving on government bills of lading.

 - (a) on shipments of new furniture consigned to or in care of a public warehouse or a cartage or trucking company;
 - (b) on shipments delivered to or in care of motels or hotels or on shipments moving for export;

Shipper shall pay Carrier in full, within 7 calendar days of receipt of Carrier's invoice, for all transportation and related services according to the rates negotiated between Carrier and Shipper, and included by reference herein. In the event payment is not made within fifteen days, Shipper agrees that interest will accrue daily and be made payable to Carrier at the lesser of 1.5% per month or the maximum legal rate and, in addition, Shipper may lose any discounts offered by Carrier under any contract agreement. In the event Carrier deems it necessary to retain the services of legal counsel or a collections agency to collect any outstanding indebtedness, Shipper shall pay

an amount equal to 25% of the outstanding freight charges or \$200.00, whichever is greater, which shall be assessed in addition to the applicable outstanding indebtedness plus attorney's fees and costs.

The parties will not raise, and hereby waive, any defenses based on the venue, personal jurisdiction, inconvenience of forum, or sufficiency of service of process related to the place of bringing of the action.

ITEM 550

LIEN FOR FREIGHT CHARGES

Carrier shall have a possessory lien on shipments in its dominion and control for the payment of current and past due freight charges. Shipper's goods will be held and sold pursuant to the Carrier Lien provisions of the Uniform Commercial Code. Carrier reserves the right to convert any shipment to a collect shipment.

ITEM 560

PAYMENT WITHOUT OFFSET

Shipper, Consignor and/or Consignee, or its broker or agent, shall pay all freight charges when due without offset for any cause, including but not limited to, cargo claims. All claims for loss or damage shall be governed by this Tariff and shipper, consignor, or consignee shall not deprive Carrier of the claims process by unilateral deduction of claims from payment of freight charges due.

ITEM 570

PRIORITY OF FREIGHT CHARGE OBLIGATION

When arrangements are made with intermediaries for transportation services provided by carrier and the intermediary in turn bills the shipper or beneficial owner of the goods for freight charges inclusive of the carrier's rates, the following rules shall apply:

1. The intermediary will segregate money due owing to carrier from other accounts.
2. Intermediary will pay carrier without offset from funds received and shall not commingle, pledge, encumber or hypothecate funds received by it intended for payment of freight charges to carrier.
3. When the arranger of transportation is a carrier or freight forwarder, a constructive interline trust shall apply.
4. When the arranger of transportation is a property broker, the regulations set forth at 49 C.F.R §371 shall apply and monies received by the broker shall be segregated from its other assets and liabilities.
5. In no event shall accounts receivable pledge or encumber by any intermediary be inclusive of freight charges billed by it to the extent those freight charges are due and owing to carrier.

ITEM 580

THIRD PARTY BILLING

Carrier will invoice the shipper's broker, bank or other agent for freight charges. Carrier reserves the right to bill and collect freight charges from the shipper or consignor on prepaid shipments or the consignee on collect shipments in the event full payment of freight charges is not received pursuant to third party billing.

A shipment in which charges are to be paid by a party other than the shipper, consignor, or consignee will be accepted provided recourse to the shipper or consignor is reserved with the carrier picking the shipments up at origin. The consignor and consignee guarantee to pay the charges if the third party fails to do so in the time allotted under the applicable credit regulations. Any such shipment will not be accepted if the consignor executes a non-recourse (Section 7) provision of the bill of lading. If such a shipment is inadvertently accepted, the execution of the non-recourse (Section 7) provision of the bill of lading shall be invalid, and the shipment shall be considered prepaid, with the shipper or consignor remaining liable for payment of freight charges.

ITEM 590

UNDERCHARGE/OVERCHARGE CLAIMS

Any claim for overcharges of freight bills must be submitted within 180 days of shipment date and must be submitted by the responsible party of the freight charges.
